?How does your project relate to the mission of the college and WCSA

In Westmont College’s Mission Statement, it states that it desires to cultivate grateful servants as well as faithful leaders for global engagement with the academy, church and world. This event, although the purpose of it is to provide enjoyment for the residents, allows the servants or RAs of Clark and Emerson to provide a space for residents to have fun. We are purely trying to execute this event to serve the communities in the residence halls of Clark and Emerson. Furthermore, this has been a tradition for many years, and we would love to continue this tradition

In WCSA mission statements, it states that they seek to unify faculty, staff and administration by providing needs and desires to the student body. As the main people who are constantly serving the residents, we feel that this event is appropriately trying to accomplish all of these things. We are looking to unify two dorm halls in a friendly game of broomball. Furthermore, the next staffs of both Clark and Emerson will be present and this allows them to meet and bond with one another. Finally, after all the hardships the students of this year have experienced, this night of fun and competition allows them to momentarily forget about all of that. It provides a space for stress relief
