Describe the nature of your project (Target population, number of students involved, length of project, etc).

We would like to show the movie Crazy Rich Asians on campus – the event would be open for all students, and we are hoping for around 100 students to attend. The length of the movie is 2 hours. We also plan on including a panel of faculty, staff and some students to share after the movie on the importance of Asian representation in Hollywood and the significance of the film.

What do you hope to achieve with this project?

We believe showing this movie on campus can have a positive effect on campus. It has been 25 years since a movie featuring an all Asian cast has been released, and the movie will be impactful and empowering for many Asian students – it will also allow other students to understand the importance of the film.
